CENTAUR GLOBAL NETWORK

To the authors of papers just published:

Thank you for submitting your manuscripts for publication in the journal; Veterinarni Medicina. Please, inform your colleagues about your new paper immediately. Their citations are important both for you and for the journal. Only citations from Veterinarni Medicina, published in a scientific journal during the next two years, contribute to the impact factor. Time is flowing quickly: The cited paper must be read, it must be accepted as new information and the citing paper must be written, submitted, peer reviewed, revised, accepted, printed and indexed in the Web of Science database. All within the next two years!

With regards,

Professor Karel Hruska
